

## **ONLINE STALLION SERVICE AUCTION AS A FUNDRAISER FOR THE AUSTRALIAN INTERNATIONAL 4\* THREE DAY EVENT 2009.**

The **2009 Australian International Three Day Event** will be held in the **Adelaide parklands from November 13 to 15th** and this year will host the hotly contested **Trans Tasman Championships**.

This prestigious SA Event was in imminent danger of cancellation due to a budget shortfall. The extraordinary public response to the "**Help Save AI 3DE campaign**" with the creation of a "**Survival Fund**" - which has most generously been supported by donations from equestrian enthusiasts and public alike from all across Australia and around the World - has enabled the Board of Management to decide to proceed.

The Australian International 3 DE has the unique distinction of being the **only 4\* 3DE in the Southern Hemisphere**, and it is of vital importance to retain this prestigious event in Adelaide now, and into the future, for the benefit of all Australian based riders vying for Olympic & World Championship Australian Team selection.

**Thirty one** stallion services have been donated for this Auction which is to be posted online from late August and for bidding to **conclude at 5pm EST on September 30th**.  
**The AI 3DE Board wishes to acknowledge and to sincerely thank all these most generous Stallion Owners.**

### **AUCTION - CONDITIONS OF SALE**

The **Bid Value** is for the **actual Service / Semen** and that all associated costs (agistment, handling fee, collection & transport of semen, veterinary costs etc) are the responsibility of the **successful bidder** in addition to the bid value.

The method of Service - **Live Cover** (and locality stallion is standing) **or Semen, (chilled or frozen)**, is listed on the Auction advertising material together with the **advertised Service Fee** (including or plus GST).

**Associated costs - with Live Cover** would include **agistment** for the mare at stud and any **Handling Fee** normally charged by the stud.

**with Chilled Semen** would include a **collection** fee and a **transport** of semen fee. (approx. \$300 - \$500.)

**with Frozen Semen** would include a **transport** of semen in a hired cannister. (approx. \$300)

A "**Reserve**" of approximately **half the advertised Service Fee** will be placed on each Stallion Service (as a courtesy to both owner & stallion).

The Stallion Owner will be informed of the successful bidder's details on completion of the Auction, and confirmed after payment to AI 3DE is received.

The successful bidder is then responsible to discuss with the stallion owner the terms regarding **Live Foal Guarantee** and / or **Free Return** and / or **number of insemination doses** per contract (some state a maximum of 3 doses)

**Terms & conditions**, as per the Stud's normal breeding **contract**, would also apply.

Each bidder is required to fill in a certain amount of details before registering a bid.

For any further information please contact either :-
